## **DETAILED ACTION**

### ***Response to Amendment***

1. The amendment filed 1/2/08 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: as in amended claims 1, 3-6, 9,11,12, 16-17, and 19-23and in the substitute specification, "a first demountable pin activated valve", a second demountable pin activated valve assembly, "a mountable body cap", a "rolled body cap seat", "body cap base", "annular ring" and "expanded lip".

Applicant is required to cancel the new matter in the reply to this Office Action.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 1, 3-6, 9,11,12, 16-17, and 19-23 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed

invention. Please see par 1 above with regard to various instances of new matter found in the amended claims and substitute specification.

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 4,5,11, 12, 16, 17 and 19-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 4, "said sealing pin" lacks antecedent basis. In claim 11, "said second demountable pin activated valve assembly" on line 3, and "said rolled body cap seat" on lines 7-8 lacks antecedent basis. As to claim 12, "said annular ring" and "said lower external surface" lacks antecedent basis on lines 3-4. In claim 16, on line 3, "said annular ring" lacks antecedent basis. On line 4, "said annular ring lower internal surface" lacks antecedent basis. In claim 19, "the demountable pin...assembly" lacks antecedent basis. On line 4, "said valve housing" lacks antecedent basis. Claims 20 and 21 are unclear as they only further limit the valves rather than the container of claim 3. In claim 22 and 23, "said first demountable pin..." lacks antecedent basis.

***Response to Arguments***

6. Applicant's arguments with respect to claims 1, 3-6, 9, 11, 12, 16-17, and 19-23 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
